COUNTY: Itawamba

An environmental determination was concurred with by FHWA on October 26, 1982 as an "Environmental Assessment" and was re-evaluated on July 8, 2003.

Please review the environmental documents and the construction plans for this project to determine if there have been any changes in the project or its surroundings or if there are any factors which would result in a significant environmental impact. Please indicate if any further action is required to complete the re-evaluation of the referenced Environmental Assessment and return to the ROW Division (84-01).

Re-evaluation accepted as stated above

SUBJECT: Re-evaluation of Project Number APD-0078-01(009)/102076 – 301000
Appalachian Corridor V from Fairview to SR 23
Itawamba County

Dear Mr. Hughes:

We respectfully request FHWA's approval for the re-evaluation of the subject project. The anticipated social, economic, and environmental impacts were evaluated as an Environmental Assessment under Project Numbers 26-0040-02-009-10 and 26-0079-01-001-10, Itawamba County, and MDOT received a FONSI from FHWA on October 26, 1982. The project was re-evaluated and approved on July 8, 2003. The three-year period has expired, hence the reason for this request.

Please return the executed copy to this office for distribution purposes. If you have any questions or need further information, please contact Ms. Kim D. Thurman at telephone number (601) 359-7920.

Sincerely,

E. Claiborne Barnwell
Environmental Division Engineer
